septa communication

SEPTA IS AN ORGANIZATION THAT...

Supports the education of all children

Educates parents and community members about different learning needs

Promotes differentiated education

Takes steps to facilitate communication between families and professionals

Advocates for all children who need learning assistance

NOTE FROM THE PRESIDENTS

SEPTA is a district-wide PTA of parents, educators, and administrators. We joined Port SEPTA because it provided us with information, helped answer our most dire questions and most importantly gave us a connection to other parents who understood how we were feeling. We hope you will join Port SEPTA this year, attend our meetings and help us to educate more parents in our community. Don't miss our Welcome Breakfast on September 13, 2018. For the most up-to-date information visit our website at www.portsepta.org and like us on Facebook.
